Jiří Moravec

Autor popisuje dva nové nálezy *Galactinia gerardii* (Cooke) Svr. (= *Peziza ionella* Quélet) ze středních Čech a z Moravy a poukazuje na určitou variabilitu tohoto druhu.

The author mentions two new collections of *Galactinia gerardii* (Cooke) Svr. (= *Peziza ionella* Quélet.) in Central Bohemia and Moravia which had not previously been published. As they show certain differences, descriptions of both are given.
