

Nálezy pyrenomycetů *Sphaerodes fimicola* a *S. retispora* var. *inferior* (Ascomycetes, Sordariales) v Československu

Findings of a *Sphaerodes fimicola* and *S. retispora* var. *inferior* (Ascomycetes, Sordariales) in Czechoslovakia

Alena Kubátová

Na 4 různých lokalitách v Československu byly z půdy izolovány *Sphaerodes fimicola* a *S. retispora* var. *inferior* (Ascomycetes, Sordariales). Jde o nové nálezy pro Československo. Jsou uvedeny popisy a vyobrazení.

Sphaerodes fimicola and *S. retispora* var. *inferior* (Ascomycetes, Sordariales) were isolated from soils on four different localities in Czechoslovakia. These fungi are reported from Czechoslovakia for the first time. Descriptions and illustrations are given.
