Korf R. P. and Lizoň P. (2001): The status of the ordinal name Leotiales – Czech Mycol. 52: 255–257

The ordinal name Leotiales S. E. Carp. was proposed by Carpenter in 1988 as a substitute for the invalid ordinal name Helotiales, but Carpenter's ordinal name was also not validly published. Helotiales Nannf. has since been validated. The ordinal name Leotiales Korf et Lizoň is proposed for a much smaller group of Discomycetes.

Key words: Helotiales, nomenclature, invalid publication

Korf R. P. and Lizoň P. (2001): Postavenie mena radu Leotiales – Czech Mycol. 52: 255–257

Meno radu Leotiales S. E. Carp. navrhol Carpenter r. 1988 ako náhradu pre neplatné meno radu Helotiales, ale Carpenterovo meno bolo tiež neplatne uverejnené. Meno radu Helotiales Nannf. bolo medzčasom platne uverejnené. Meno radu Leotiales Korf et Lizoň je navrhované pre podstatne menšiu skupinu diskomycétov.
